Alexandria, VA 22313-1450

Sir:

Responsive to the Election of Species Requirement mailed on November 16, 2005, Applicants elect the embodiment I, as shown in Figures 3-7, for examination. Claims 1-10 read on the elected species. The election is made without traverse. By making this election and selecting these claims for examination, however, Applicants do not restrict the scope of the listed claims to only the features of the exemplary embodiment shown in Figs. 3 through 7. Rather, these claims may also read, for example, on other exemplary embodiments described in the specification, and should be afforded the broadest scope allowed by the relevant prior art.

Examination of the application on the merits is respectfully requested.

Respectfully submitted,

December 6, 2005
